Dear Carmen:

In the spring 2003 issue of "Building Our Future" I note that you are the Curator of Harvard Numismatic Collections and I am delighted you are happy in your position. It was very difficult for many of us to see the changes at ANS.

Although I still serve on the ANS Council my term will expire shortly and after decades of ANS service I feel I should no longer remain on Council and should make room for others.

My foundation in numismatics is attempting to reopen our money museum and numismatic library which after 20 years of operation in downtown St. Louis was forced to close. Our specialty is the American field. If we can be of help to your department please feel free to call on us.

Thrive,

Eric P. Newman
